SUMMARY

Full Stack Web Developer with experience in modern JavaScript. For me, web development is more than just writing code. Is to communicate and work well with others in a team and to be curious and open to criticism and different approaches, to solve problems, telling stories thought visual representation and to continue doing what I love, in a challenging but friendly environment.

EXPERIENCE

Web Developer (Volunteer) 2022 - Present
Tibetan Community Netherlands Amsterdam

The Tibetan Community Netherlands aids Tibetans in establishing new lives. Founded in 2005, it promotes unity, guided by non-sectarian principles. Elected leaders follow Dalai Lama's teachings and Central Tibetan Administration directives.

- Developed a contemporary website with a blend of modern aesthetics and cultural essence. https://tibetcommunity.nl
- Which of your achievements match the job you're applying to?

Full Stack Developer 10/2023 - Present
HackYourFuture Amsterdam

Coding school offering an intense seven months course thought by professional developers. Curriculum includes modules in HTML, CSS, GitHub, JavaScript, Node, MySQL, MongoDB and React, Problem-solving skills and teamwork are additional parts of the curriculum. Throughout the course as always I continued learning and exploring extra new skills and technology such as TypeScript, EditorJs, CKEditor, Firebase etc.
